

## HOSPITALITY & RETAIL

## OVERVIEW

---

Hospitality & Retail companies have unique business needs which benefit from the coordination and depth of attorneys across our many practice areas. We have gained experience and knowledge working with many retail and hospitality clients in Kansas, Missouri and across the U.S., including real estate developers, retailers, hotel chains, restaurants and fast food chains, movie theatres, casinos, golf clubs and resorts. Foulston Siefkin attorneys are able to help these companies grow and succeed by supporting their business needs across the diverse legal spectrum. We help clients protect their developed brand equity from intellectual property infringement, defend against product defect claims, navigate the issues resulting from social media laws and regulations, and minimize risks associated with consumer privacy laws and data breaches. Our attorneys are also involved in creating a welcoming and rewarding environment for employees while complying with all federal and state laws; accelerating growth through financing and strategic partnerships, joint ventures, and mergers; dealing with real estate development and land use issues; and assisting with operational vendor supplier contracts.

We are one of a select group of Midwest law firms recognized for a broad spectrum of legal expertise. Our philosophy of superior client service and our recognized expertise have earned our firm and our attorneys high marks for "outstanding" work from publications including the *Best Lawyers in America*, *Missouri/Kansas SuperLawyers*, *Chambers USA*, *Global Law Experts*, and *US News & World News Best Law Firms*. Our attorneys include members of the American College of Real Estate Lawyers, the American College of Environmental Lawyers, the American College of Tax Counsel and the American College of Trial Lawyers.
